

Volunteers Needed

Niños Activos - Active Kids

Niños Activos improves kids' early literacy skills and teaches kindergarten basics - such as counting, identifying shapes and colors, and self control. The program is also designed to give parents the skills and resources they need to engage their children in fun, educational, and stimulating activities using provided resources.

UpValley Family Centers is looking for energetic and committed volunteers with a passion for helping youth and families in the Calistoga and St. Helena communities. We request that our volunteers agree to a commitment of four hours per week at one of our two locations as our families rely on this service. All volunteers must be fingerprinted and pass a TB test before working with children.
